<u>Science</u> We are focusing on 'working scientifically' this half term, which involves planning and carrying out experiments as well as presenting our findings. On the class page there are three scientific experiments you might like to have a go out (make sure you ask an adult's permission first) or you could choose one of your own. Present your findings clearly, trying to use scientific vocabulary.	We had like yo resear Brazil, would You m have p your io differe	raphy *** ve been looking at South America in class and w u to choose one country from this continent to ch; we have provided you with information on but you are free to choose another country if yo prefer. ust then complete a comparison to the UK. We provided you with a worksheet to help you organ deas, although you are free to choose to do this ent way if you would prefer. Everyone will share n school as part of a Geography lesson WC 11 th .	ou e nise a	<u>Computing</u> As part of our unit on Spreadsheets, we have been learning how to use formula to help us calculate quickly. There is an easier task which will get you practising using the four operations or, if you'd like a challenge, there is a trickier task to have a go at – make sure you read all the instructions carefully.
<u>Maths</u> This half term, we want you to think about how is used outside of school. Interview a grown-up ask how they use maths at home or at work. Thi might be when they are cooking, decorating or h they may use it in their job. You can choose how present your findings, for example as a poster, interview transcript or leaflet.	and s iow	Home Learning Grid Spring 2 Over this half term, choose at least 4 of the activities from this menu to complete. Helpful links and extra information	Three L Have a fairytal from th Hameli	h sh this term, we are telling the story of the .ittle Pigs but from the perspective of the Wolf. go at doing this with a different well-known e. Perhaps you could do Hansel and Gretal he witch's point of view or The Pied Piper of n from the piper's point of view. Maybe Jack e Beanstalk, told by the giant.
<u>PE</u> Burpees are a great exercise to improve your health, especially your cardiovascular fitness. Yo challenge is to see how many burpees you can d in 45 seconds? Once you have your score, why not challenge a family member to beat it.	ur Co o ar	<u>Music</u> Grab your pots and pans and join the Royal National Scottish Orchestra percussion section as they challenge you to create a Samba Band. Consider the different pitches that different pots and pans will create; what would be lower, what higher? Work through the video learning the different rhythmic patterns. Perhaps you can		st Mary's we love nature and would like to courage more wild birds into our school ounds. We would like you to make your own d feeder, that we can hang up for the birds to e. There are lots of ideas online to help inspire u. Here are some pictures to get you started!
